# Ayman Itani

Helping you understand the power of AI & Web3

Entrepreneur and CEO

Ayman guides government and corporate organizations in understanding AI and Web3. He applies strategic insights to transform the visions of senior leaders into tangible, executable projects. His focus on operational transformation and technology integration, particularly in AI and Blockchain, helps government and corporate organizations achieve their objectives and drive sustainable growth.

What did clients & audiences say?

"Ayman Itani expertly engaged Samsung's audience as MC, blending key messages with his dynamic presentation skills."

"We are looking at 30 to 40% revenue increase this year and Ayman holds a big part in that."

"We are in seven cities now. To be fair? We wouldn't have dreamt of getting here without Ayman's mentoring and coaching."
